Professional Summary

MERN Stack & Next.js Developer with 2+ years of hands-on experience building scalable, responsive, and high-performance web applications. Proficient in React.js, Node.js, Express.js, and MongoDB, with a strong focus on developing full-stack solutions including e-commerce platforms, admin dashboards, and RESTful APIs. Passionate about writing clean, maintainable code and optimizing user experience. Seeking to contribute technical expertise and problem-solving skills to a growth-oriented software team.

Technical Skills

Frontend: HTML5, CSS3, Bootstrap, Tailwind CSS, JavaScript (ES6+), React.js, Next.js

Backend: Node.js, Express.js, RESTful APIs, JWT Authentication

Database: MongoDB, Mongoose, SQL

Tools & Platforms: Git, GitHub, VS Code, Postman, Thunder Client, Vercel, Render

Other Skills: Responsive Web Design, API Integration, State Management (Redux Toolkit), Cloudinary, Stripe Integration

Projects

Advanced E-Commerce Website

- React.js+Vite, Tailwind CSS, Redux Toolkit, Node.js, Express, MongoDB
- Responsive layout, JWT authentication, Stripe integration for secure payments, and admin dashboard to manage orders and products
- Integrated Cloudinary for product image uploads - Implemented filter, sorting, and cart functionality

Portfolio Website

- Next.js, Tailwind CSS, Framer Motion
- Developed personal portfolio to showcase projects and contact info
- Fully responsive and SEO-optimized

Leave Management System

- MERN Stack
- Created employee leave management system with admin panel and MongoDB backend
- Admins can approve or reject requests, schedule events, and manage attendance, all through an interactive calendar.
- Allows employees to view, track, and manage leaves efficiently

Task Board App

- Next.js, Node.js Express.js, Tailwind CSS
- Full-stack task management web application designed for efficient workflow control
- Admins can create, assign, update, and manage tasks, monitor user activity, and control task status
- Users can view and update their assigned tasks through a clean, responsive dashboard
- Role-based authentication (Admin & User) Secure login and registration using JWT

Achievements

- Developed multiple full-stack projects integrating React+Vite, Node, and MongoDB
- Awarded "Best Project" among 43 candidates for developing a full-featured e-commerce platform

Education

- Frontend & MERN Stack Certification - Logic Racks Academy, Karachi
- Matriculation Central Model School, Minawali

Languages

English - Professional Working Proficiency

Urdu - Native
